HERE'S the POINT

By SPENCE HELD

The other morning I watched five small boys racing on roller skates—a skate apiece, that is.

Each had a little board which he placed atop a skate; then he placed his posterior on the board and stuck his legs out in front They lined up abreast on the sidewalk about a half-block up the hill.

A girl was the starter. "On your marks, get set—go!" she intoned.

They shoved off together but one boy immediately took the lead, with the others closely bunched. Gaining speed, they balanced precariously and whizzed down the sidewalk to the corner.

The first boy swung wide and turned the corner in fine style. The others, however, piled up on the lawn with shouts of laughter in a tangle of arms and legs and boards and skates.

"Hey, Joe," said the girl. "You bent the 'Monopoly' board!"

Saw the latest movie version of "The Student Prince" this week, and boy, it's a dinger.

In contrast to some musical comedies and light operas, the plot is believable, and it seemed to me that they had improved the production remarkably.

The singing by the Heidelberg students is magnificent; the prince, equipped with Mario Lanza's voice, does a royal job of wooing Ann Blyth; and the final scene is one of the most poignant I ever saw.

Whenever I look out over Mission Bay and reflect upon the great changes there, it reminds me of Ad Pearson, "The Mayor of Duckville."

Pearson was a picturesque character who ranged the salt marshes for 50 years, first as a market hunter and later as an ornithologist. He lived in a cabin called "The Greenwing Teal."

He died in 1929. As a young reporter, I accompanied the public administrator to Duckville and heard him read Pearson's will to a misty-eyed group of sportsmen.

Ad Pearson did not forget his friends in the will, which he drew up himself less than two months before his death. I've kept a copy of it all these years; it reads, in part, as follows:

"To my daughter, Mrs. June Campbell, I give my ruby ring and all the family photos in the cabin and in a Japan box on the commode; the oil painting of dog and duck; all my books and records at Duckville; the two certificates from the Natural History and Zoological Societies; my artist's palette and brushes; the framed photo of myself and dog; and the framed photo of rattlesnake.

* * *

"To Alden Holloway, my grandson, I give my Colt's revolver, bidding him treasure it as a relic of value. To Betty June, my granddaughter, my opal pin.

"To the Society of Natural History, I give my oil painting of the California quail.

"To Sherwood Wheaton I give the oil painting of the flying redhead duck, as he has often admired it. To Syl MacDowell, I give the skiff 'Mascot,' my gill nets and my shotgun. And to Reta, his wife, the .22 caliber Winchester rifle.

"To George A. Garrettson I give my cottage and contents, with the exception of the abovementioned articles; and my decoys and tools. I ask him to let Floyd Topping, Bud Wilson, Harry Munster, Lew Kirkland, Herbert Wheeler, Bob Alexander or any of the old crowd select some article or curio as a remembrance of Duckville and myself.

* * *

"And now, in bidding my friends a last farewell, I do so thanking them for their friendship and the many acts of kindness I have received during a life extending over 70 years. I also thank the Almighty God for the long life on this beautiful earth he has granted me, and for the many favors I have received at his hands. He has been good to me.

"To all a last farewell; and I am going to ask some one of my old friends to say a few words as I am laid in my last resting-place. I am a member of no church, but I would like to have a Christian burial. I recognize one God but no creed save the Golden Rule."

Local Girl Second In Queen Contest

Dolores De Candia, 17, recent Point Loma High School graduate, placed second in Sunday's completion at Elsinore for queen of the 21st annual National Soaring Championships.

The winner was Gail Frampton, 16, of San Gabriel.

Miss De Candia, daughter of Mr. and Mrs. Sam De Camnia, of 3018 Garrison St., was sponsored by the Associated Glider Club of San Diego and the Junior Chamber of Commerce.

City Trying To Cope With Kelp, Says Cope

The City of San Diego "is making every effort" to cope with the kelp situation on the beaches, according to a letter received recently by John Pierce, secretary of the Ocean Beach Chamber of Commerce, from O. K. Cope, assistant to the city manager.

Pierce had written a letter to the City Council for the Chamber's board of directors, dated June 28, requesting that efforts be made to clean the beach "below the mean high tide line lying between Niagara and Cape May Avenues in the Ocean Beach area."

The Council referred it to the city manager's office for reply.

Tom Drake, chairman of the Chamber's Beach Improvement Committee, inspected the beach Saturday and described it as "not enticing—in fact, filthy."

"I think it would be a good idea," he said, "to have a police officer on the beach to prevent it being littered with debris."

Kelp was strewn thickly along the beach this week.

Cope, the assistant to the city manager, wrote: "This season we have been confronted with an unusually large amount of kelp being deposited on the beaches with every incoming tide. According to Dr. Zobell, of the Scripps Institute of Oceanography, the cause is rapidly diminishing, so that within the near future we can expect the conditions to return to normal. We are presently tooled to take care of normal conditions in a reasonable satisfactory manner.

"A considerable portion of the beach at this location is privately owned, and it is not the policy of the City to clean privately owned property. However, we have had the engineering department make a survey of the area and find that the City is responsible for a larger portion of this beach than was previously being serviced.

"On the basis of this survey we have extended the boundaries of our beach cleaning operations . . . The program is on a regular schedule which is adhered to as closely as possible."

LIGHT SHINES AGAIN IN YELLOW DERBY

With albacore, yellowtail, and bluefin tuna all running to king size, although there was no way of telling which of the three would steal the show on any given day, deep sea anglers seeking qualifying berths in the third period of the $25,000 San Diego Yellowtail Derby redoubled their efforts to produce before the close of the period Saturday night.

Qualifying for the fourth and final derby period will begin next Sunday, but main interest centered on the third period windup.

As time grew shorter, yellowtail were making a strong comeback at the Islands and were fast reclaiming some of the ground lost earlier to the tunas. Largest yellow of the week went to Russ Light, 3896 Rosecrans, who bagged a 33 pounder at Jackass Rock. Light, it will be remembered, won the automobile in the first period fishoff with a 33-14.

Other big yellows taken during the week included a 29-3 taken by Fred Schoolcraft, of La Mesa, and a 24-2 by 12 year-old Mary Chapman, of San Diego. Largest albacore was a 30-6 bagged by Herb Hall, La Mesa, and largest bluefin a 30 pounder which was disqualified from derby competition because Skipper Wayne Miller was forced to take over the rod when the angler got into difficulties.

Fishing at the La Jolla and Point Loma kelp beds remained at its best throughout the week, particularly for calico bass and barracuda; and some yellows were taken as good measure.

Engineers Suggested For S. D. Sewer Study

At a meeting of the 15-man committee organized to study a new sewer bond proposal, set for 3:30 p.m. today in the mayor's office, Tom Drake of Ocean Beach was expected to submit the names of at least two engineering firms which designed "complete treatment" sewage plants for midwestern cities.

The committee plans to choose an engineer to study San Diego's sewage problems.

Prior to today's meeting, Drake said he would submit the following for consideration:

"1—Havens & Emerson, which designed three small, economical sewage disposal plants for Cleveland.

"2—Metcalf & Eddy, of Boston, designers of a successful treatment plant for Milwaukee. This produces pure water and the city sells Milorganite fertilizer at a profit."

Drake said he might submit the name of another engineering firm which designed a successful plant at Toledo, if he obtained it in time for the meeting.

The sewer bond study committee decided at a recent meeting that all press releases would be given out by the chairman, Drake reported. (Douglas R. Giddings was selected as temporary chairman.)

However, at today's meeting Drake was expected to announce that he would not be bound by any "gag rule".

"I'm going to tell them that I shall feel free to speak at any time," he said before the meeting.

No reporters were present at the recent meeting. Drake said h would insist that all sessions of the committee be open to the press.

OUTBOARD CLUB FISH CONTEST STARTS SAT.

Saturday, July 31, is the opening date for the big Fishing Contest sponsored by the Outboard Boating Club of San Diego, according to Commodore F. A. Wolf of Ocean Beach.

With cash and prizes valued at nearly $1000 to be awarded, the contest will run for five week-ends beginning Saturday and Sunday.

"All fish must be caught from outboard motor boats during the two-day periods each week," said Wolf. "Entry tickets may be obtained from bait and tackle stores, sporting goods stores and other merchants. These cost $1 for adults and 50 cents for children."

Fish must be weighed at the Shelter Island Ramp before 5 p.m. on Saturdays and Sundays. Prizes will not be awarded for marlin, sharks, skates, or any of the ray family.

Only one prize will be awarded to any one individual each week. Prizes will be awarded to children under 12 years of age.

Wolf said that $100 or more in a purchase order will be presented to the person catching the largest fish in the entire contest, with a $25 certificate being awarded for the largest caught during each two-day period. Other prizes, donated by merchants, will be given for other fish in weight classifications.

New Chest Goal To Be Set At Public Meeting

Public decision again will determine the amount to be set as the 1954 goal for the Community Chest, according to Vice Adm. Wilder D. Baker, USN, ret., president. A public meeting and vote will be held August 3 at 3 p.m. in Recital Hall, Balboa Park, he said.

Baker emphasized the necessity of retaining a democratic atmosphere and procedure in setting the goal. "Since the San Diego people are the ones who contributed to the Chest, they should also be the ones to determine how much they can and will give." Baker said.

George A. Scott, chairman of the Second United Success Drive, said that the 1954 goal will result from public discussion and vote on the three figures presented at the meeting. Committees and the basis for their estimates are: Campaign Potential Committee, what each area can be expected to raise; Budget Committee, needs of agencies for 1955; Committee of the Board, will be based on either one of the previous figures or a compromise of the two.

Chairmen and their committees are: Campaign Potential, Carl Esenoff; Budget Committee, Rear Adm. George C. Dyer; Board Committee, B. F. Coggan.

Baker also said that "Aside from the campaign, this is the most important Chest activity of the year, and it is up to each one of us to defend the estimate for the figure according to the needs of the community".

Chamber Requests City To Buy Beach Property

Acquisition by the City of privately-owned property adjacent to the Ocean Beach waterfront "to properly develop the beach for the benefit of the public," was asked by the Ocean Beach Chamber of Commerce this week.

The Chamber's board of directors adopted a motion by Tom Drake, chairman of the Beach Improvement Committee, requesting that the property be acquired by the City prior to the dredging of the Mission Bay Channel.

If this were done, the spoil from the dredging could be used to buttress the entire beach area and repair erosion damage, Drake esxplained.

In a letter to City Manager O. W. Campbell, signed by Harry LaDou, president of the Ocean Beach Chamber, the City was asked to acquire certain privately-owned property between Newport Ave. and Voltaire St.

These parcels of property were listed as follows:

1—Part of lots 1 to 11, Block 80, between Newport and Santa Monica Aves.

2—Part of lots 1 to 11, Block 81, between Cape May and Brighton Aves.

3—Part of lot 3, P.L. 204, between Brighton and Long Branch Aves.

4—Part of lot 3, P.L. 204, between Long Branch and Mission Bay Corporation, west of Muir.

5—Lot 1, Block 90, west of [illegible] to Voltaire St.

Drake explained that acquisition of this property "would place the entire ocean front from Niagara Ave. to W. Pt. Loma Blvd., under public ownership."

He was to attend a dinner for the U. S. Beach Erosion Board tonight in the San Diego Club. The group will inspect erosion damage at the local beach.

Girl, 5, Dies After Accident

Graveside funeral services were held Monday at Home of Peace Cemetery for Dorothy Heumann, 5, of 3789 Narragansett Ave., who died after a traffic accident Saturday.

The little girl, daughter of Mr. and Mrs. Joseph Heumann, was injured fatally when she ran into the side of a car driven by Mrs. Effie Bernice Tipton, 53, in the 3500 block on Cooper St. Msr .Tipton, of 2436 Montclair St., was not cited by police.

Dorothy had been playing with other children across the street from the home where she and her parents were visiting. Her mother called her, then shouted "go back" when she saw an approaching auto. The child apparently didn't hear the warning and ran between parked cars and into the side of the auto driven by Mrs. Tipton.

She died on the way to County Hospital.

M. R. Harris Leases KGB

Acquisition of San Diego's pioneer radio station, KGB (Mutual), through a lease with option to purchase by its manager, Marion R. Harris, has been announced by General Teleradio, Inc.

The deal, just approved by the Federal Communications Commission, transfers the license to Harris and gives him until 1960 to consummate the purchase.

KGB was founded in 1926 and since the start of network broadcasting has been the San Diego outlet for the Don Lee Broadcasting System and more recently Mutual. The Don Lee group of stations, including KGB was sold in 1951 to General Teleradio, Inc.

Control of the valuable KGB property by Harris climaxes 25 years of radio station management and sales in Southern California.

Horses Running At Del Mar This Week-end

DEL MAR—Opening salvo of a heavy barrage of rich added money stakes events, the $10,000 added Oceanside Handicap for 3-year-olds at six furlongs, will be fired here Saturday as the Del Mar Turf Club presents its first week-end of the 1954 racing season.

Racing Secy. John R. Maluvius listed a total of 17 sophomores which have been nominated for the Oceanside, with this number expected to be pared down to around a dozen by the time the thoroughbreds trek to the post.

Several stakes winners are among the candidates for the Oceanside, among them Nonvet and Walker's Don McCoy, winner of he recent Will Rogers Stakes at Hollywood Park; Mrs. Harry Curland's Major Speed, winner of the California Breeders Championship at Santa Anita last winter; H. L. Lewis' Lucky Martin, which captured the B eders Trial Stakes at Hollywood Park, and Bell and Johnston's The Pie King, champion 2-year-old of England last year. The latter is regarded as a doubtful starter, however, inasmuch as his handlers do not want to race him too frequently due to suspicious underpinning.

Calumet Farm, trained by the fabulous Jones boys, Ben and Jimmy, will be represented by Indian Red in the Oceanside. Calumet was the top stable at Hollywood Park in the amount of purse winnings, winning that honor on the final day of the season last week when Fleet Bird accounted for the Sunset Handicap.

Another famous stable, that of Andrew Crevolin, Alhambra auto magnate and the owner of the 1954 Kentucky Derby Winner, Determine, will be shooting for the Oceanside purse with War Tryst. War Tryst scored an upset victory recently in the El Dorado Handicap at Hollywood Park.

Pirates' Den Is Uncovered It Pt. Loma Saturday Eve.

A gang of tough characters and desperados was discovered in Point Loma Saturday evening when a Pirates' Den was found in operation in the secluded patio at the home of Mr. and Mrs. Clifford Lorenz, 3655 Warner St. Skulls and cross-bones, and daggers dripping of blood—'er, a reasonable facsimile—were much in evidence in the gory atmosphere of giant spiders at work in their dark corners.

The fact that the whole thing was a prop for a meeting of Los Felices, Spanish practice club, did not detract from the effectiveness nor lessen the awe among the Dead Eye Dicks and their buccaneer sweethearts.

Piracy for the evening included following a pirates' map of the Point Loma area and discovering a golden treasure chest, washed ashore (or, seemingly so), with the seas' culls of sand, shells, and empty brown bottles.

The looters found glittering treasure inside: a crown to install the new president, Mrs. David L. Short; a cloth of gold for the new vice-president, Cliff Lorenz; a jeweled pen for the corresponding secretary, Mrs. Harold A. Swan; a white leather book embossed in gold for the recording secretary, Mrs. David Arguello; and doubloons (old Spanish gold coins) for the new treasurer, Mrs. Manuel Bringas, With such symbolical loot, Miss Helen Jean Score had no trouble installing the new officers.

Special guests for the evening were Mr. and Mrs. James A. Moore, Mr. and Mrs. Paul W. Scates, Edwin Watkins and Mrs. Lavinia Watkins.

William Dickel will wear the tall white cap, and wield the serving spoon. He will be assisted by the hostesses, Mrs. Gordon Weber, president of St. Anne's Mrs. T. Alm, vice-president and Mrs. Dickel, publiciay.

New Beauty Shop Entirely Feminine

That new song, "Friends and Neighbors" reminds us of the association at Pauline's Beauty Salon, 5003 Niagara Avenue, because the owner, Pauline Poma, who lives at 3567 Poe Street, has as her assistant, Eleanor Canoy, 3568 also of Poe St.

The new, modern shop which opened recently for business has an interior finish of blush pink. The furnishings are in aqua, and the drapes are of a lighter shade of aqua. Tiny shadow boxes enhance the walls and are a fitting place to exhibit tiny figurines.

Mrs. Poma, formerly worked for five years in a Voltaire street beauty shop and is well-known in this area for her friendliness as well as her expert capabilities in the art of making the ladies more beautiful.

Performance of the major choral work will again see Robert Shaw as conductor of instrumental and vocal forces, a role that has gained him international fame and brought him thundering ovations last year in the "Missa Solemnis" and "King David."

Joining with the 70 piece San San Diego Eymphony Orchestra will be a male chorus of 100 voices, who have been in training under Shaw in the San Diego State College Workshop of Choral Art.

Second in the series of Friday Evening Chamber Music Concerts, conducted by Shaw, is set for Friday night (July 30) at 8:30 in Hoover High School Auditorium.

The event will feature Mack Harrell, Metropolitan Opera baritone. Harrell, rated as one of the world's greatest male recitalists, will be heard in Schubert's "Winter Journey" song cycle of 24 songs.

YWCA Branches Combine Budget

For the first time, San Diego's three branches of the YWCA have combined their budget, according to Mrs. John Paul Stone, president.

The new budget was presented last week at a conference between YWCA representatives and a Community Chest budget sub-committee.

Mrs. Stone said that the program to consolidate the Northeast and Southeast branches of the YWCA, which has already gone into effect, will result in more efficiency and expansion of programs without additional expenditures.

Director of all three branches is Miss Fern Kissinger, of the San Diego YWCA and each branch will have its own field director.

Since the Chest is a federated fund, and all agencies receive funds from the one source, Mrs. Stone said, the consolidation was made possible. This federation also provides central planning and budgeting control.

The consolidation was approved by the Chest Board of Directors upon recommendation of the Community Welfare Council.

In addition to the sub-committee meeting with the YWCA, all other Red Feather agencies are currently meeting with subcommittees of the Budget Committe to estimate their needs for 1955.

Actual goal for the Second United Success Drive, will be determined at a public meeting to be held August 3 at 3:00 p. m. in Recital Hall, Balboa Park.

Deadline for entries in the California State Fair crochet contest is August 18, with judging three days later. All articles entered must have been crocheted during 1954.

PLEASANT PORT

Last jump in the 70-year process of engineering **El Camino Real** to the "Pleasant Port" of San Diego from the southern tip of Lower California was indeed a long jump. This was an unexplored section of more than 300 miles of mountain, desert and sea coast in the northern part of the peninsula.

The royal Visitor-General, Joseph Galvez, ordered Capt. Fernando de Riveray Moncada to find the way. Rivera was the best man in all California to pioneer this course. He had soldiered all over the peninsula for a score of years. He had been acting governor under the Jesuit regime until Gasper de Portola was sent by Viceroy Bucarelli to reorganize the politics of Baja California. And he was a hard-boiled, two-fisted Indian fighter who knew the techniques in a day of tough frontiering.

From Santa Maria, the northernmost of the Jesuit establishments, Rivera moved supplies, cattle, and Christian Indians out on the trail to San Fernando Velicata. It was proposed to establish a new outpost mission there, to serve as a base for the new Alta California missions. Father Juan Crespi, the Franciscan who accompanied Rivera, in a letter written to Father Palou from San Diego, recapitulated briefly the details of the trek:

". . . The 24th of March, Good Friday, we left Villicata in the afternoon, starting our journey in search of the port of San Diego. The 14th of May, the Feast of the Holy Spirit, we arrived at this pleasant port of San Diego, all in good health, thanks to the Lord, having spent fifty-two days on the way, with not a few misadventures on such an unknown road, in danger every instant, since it was all so thickly populated with numerous Indians; but thanks to the Lord we suffered no harm anywhere on the way".

Crespi was the great diarist of the Sacred Expedition. His journals give a day by day report on the pathfinding detail all the way from Velicata to San Diego; and thereafter on Portola's great journey in search of the Bay of Monterey which covered the last half of the year 1769. Many of the "few misadventures" along the trail are detailed in his journal. The short rations, the excruciating thirst, the efforts to find potable drinking water along the unknown desert trail, encounters with savage Indians—and the attempts of the voyageurs to make friends of them—and finally the welcome reports from the savages themselves that there were Spaniards to th north who came in two great ships—all these and many more experiences are related in a lively style by Father Juan.

The "Pleasant Port of San Diego" was finally attained. Rivera found here waiting for him, the **San Carlos** and the **San Antonio. The San Jose**, the third ship of the expedition, was lost **at sea** with all of its men and stores. Since she was the supply ship for the new California colony, all hands soon began to suffer from a lack of commissary stores.

Already when the boats arrived, most of the crews were suffering from scurvy, the dreaded scourage of sailors in the old sailing ship days. Rivera's first job was to establish an adequate hospital camp. This had been started by Captain Pedro Fages of the company of Catalan Volunteers who had come by sea, and by the skippers of the two vessels.

Waiting now for the arrival of Governor Portola and Father Junipero Serra—whom Galvez had nominated President of the Alta California Missions—these components of the first permanent settlement of Europeans on the coast of Upper California busied themselves with more urgent matters than mere waiting. They carried on local exxplorations, they improved their hospital camp, they cared for the sick and buried the dead, and they organized their defenses against the unfriendly Cosoy Indians.

Mrs. Mabel Wermersen of Sacramento, winner of 1,500 ribbons at various fairs for exl cellence in cooking and canning, plans to enter canned and baked goods in the California State Fair competition this year.

Four poultry associations will hold their annual meetings in conjunction with the California State Fair's 100th anniversary, Sept. 2 through 12. They include the Pacific Poultry Breeders Club, California Breeders of Rare and Fancy Fowl, Pacific Coast Bantam Club, and the American Poultry Association, Inc.

TRIP TIP—Nestled in a lush, verdant-covered mountainous area, about 7000 feet above the clouds and 210 minutes from San Diego, lies Big Bear Lake, seven miles long and surrounded by picturesque cottages, summer camps and winter sport lodges. Spots are available for family week-end camping and fuel for cooking is plentiful.

If you go, don't miss seeing Cedar Lake, a small, quiet lake, that is used for background in hundreds of movies and TV shorts. Just recently the area was closed while 26 Wild Bill Hickock TV shorts were filmed there. For 25 cents visitors are allowed to poke around the "cow town" with its paper and plaster building fronts a la filmdom, the old mill by the dam with its fireplace built of paper stones, and the beautiful mirror lake, which reflects the town site, mountain and the blue sky.

DIRECT HIT—From Ad's column of a year ago last June we found this item: "SCORE FIVE—Over a period of years, Mrs. Arthur N. Langston, 1914 Chatsworth Blvd., has persuaded four of her six brothers and sisters to move to San Diego. Last week she scored her fifth, Ray Iszarelli and his family . . . joined Guido Brunis, the Joe and Frank Izzarellis, and the Langston. Next target: her mother and father who live in Chicago." The father, Felice Izzarelli, is here now, visiting his children and making definite plans to retire in San Diego in May, 1955. Latest score: six down and two to go.

MORE SUMMER SIDELINES—It's redecorating and construction jobs that are keeping Lt. and Mrs. Henry T. Bugg busy these days. They've converted their garage into a den and are building a patio in the back at their home at 821 Catalina Blvd.

Mrs. Harry Raymond, 1567 Catalina Blvd., who soon will be eighty years young, had her first plane ride last weekend when her son in Los Angeles called and asked her to hurry up for a week's visit. It was maneuvered so quickly Mrs. Raymond didn't have time to reflect and refuse as she had when flights were mentioned in the past. P. S. She loved flying!

Mrs. Wallace Dorman, 3661 Wisteria, and her two daughters, Nora and Sheila, are spending two months at Camp Tamarack at Big Bear Lake, where Mrs. Dorman is councelor and tennis instructor.

Kathy Osterode, 13 year old former Point Loman, is visiting here from Riverside. She is the daughter of Mrs. Ralph Osterode. Kathy's hostess is Judy Beard, 1039 Tarento Drive.

SAW AND LIKED—Dozens of alert youngsters in our Peninsula area using good hand signals on their bikes. Our hat's off to the schools' safety program, the Police Dep't. Safety officers, the Junior Safety Patrols, and the program's most important backers, you mothers and dads.

WHO'S NEW IN POINT LOMA

First family to move into one of the new houses in Loma Valley addition is that of Mr. and Mrs. B. C. Crabtree and their three children, Kenny, Linda and Sherry. Mr. Crabtree is an administrative cost accountant for a local aircraft company.

Lt. Cmdr. USN and Mrs. R. E. Fowler and daughter, Carolyn, have moved into their home on Narragansett. They come here from Corpus Christi, Tex.

From Los Angeles come Mr. and Mrs. I. R. Lanzner and their two sons, Richard and Edward. Attractive Mrs. Lanzner is originally from South America. Mr. Lanzner is an accountant for a local company. They bought a home on Willow St.

Happy to be in San Diego after living in the Los Angeles area are Mr. and Mrs. Paul Laitinen, who have taken an apartment on Rosecrans. Mr. Laitinen is an engineer for a local aircraft company.

Lt. USN and Mrs. C. L. Crook, 4515 Ohio St., are at home now in Point Loma in an apartment on Rosecrans.

Mr. and Mrs. A. McHenry, 3714 Wabaska Dr., have moved into their new home on Zola St.

A short move from 3876 La Cresta Drive to a new address on Chatsworth Blvd. was made recently by Mr. and Mrs. E. E. Rydberg and their daughter, Sonya.

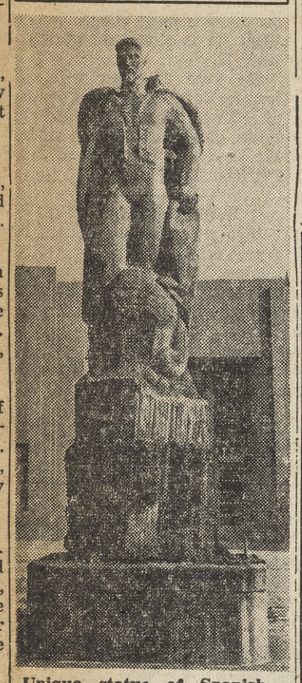
Enjoying their new view of the bay in their home on Ullman St. are Lt. and Mrs. J. R. Lewis and their two daughters, Linda and Donna. They formerly lived in Linda Vista.

From Pacific Beach come Mr. and Mrs. W. H. Dungan and their two year old daughter, Debra, who have bought a home on Alcott. They are a former Peninsula Area couple. Welcome home.

A new student for Dana Junior High School is Susan Stockton whose parents, Mr. and Mrs. F. A. Stockton, have bought a home on Lotus St. They came to Point Loma from La Jolla.

Mrs. Don Light, pianist at El Cortez Hotel, and her husband are at home now on Tennyson St. They came from Los Angeles. Mr. Light is in the insurance business .

TRIBUTE TO A DON



Unique statue of Spanish-California Don hand carved from huge Redwood log to be unveiled at Los Angeles County Fair at Pomona on opening day, Sept. 17.

Miss Colleen Buckley of San Jose will represent Santa Clara County in the California State Fair "Maid of California" contest. She was a finalist last year under the colors of Kern County.

MRS. ZENTZ VISITING HERE FROM BALTIMORE

Mrs. Lydia Zentz of Baltimore, Maryland is visiting in Ocean Beach until September. Mrs. Zentz arrived recently making the trip by air. This is her fourth trip to Ocean Beach. She is visiting her son-in-law and daughter, Mr. and Mrs. R. Greacen of 4947 Coronado avenue.

A total of 2,140,000 injuries, the greatest number in recorded history, were suffered in traffic accidents in the United States during the year 1953, according to the National Automobile Club.

If all drivers were to drive their best at all times our accident rate would be cut at least 50 per cent reports the San Diego County Traffic Safety Council.

During the past century, 14,273,332 persons, or more than the entire present population of the state, have attended the California State Fair. The figure is based on complete records for the past 30 years, and from estimates and old newspaper articles previous to that. It is expected that the figure will pass the 15,000,000 mark sometime during the 100th anniversary fair this year.

Loma Portal Brownies Send Needed Articles To Orphanage In Japan

A visit to a Japanese orphanage by a U. S. Naval officer began a chain reaction of charity recently involving Italian nuns. Uncle Sam's sailors and San Diego Brownie Scouts.

While his ship was on its third Far Eastern tour last Fall, Lieutenant Commander R. S. Lewellen, USN, of 3211 Curtis St., San Diego, Executive Officer of the radar-picket destroyer USS Ernest G. Small (DDR 838), visited the Sayuri Aijien Orphanage in Beppu, Japan.

Impressed by the work of the Salesian Sisteras in charge and their need for food and clothing for the orphans, Lt. Cmdr. Lewellen described his visit in a letter to his wife.

Mrs. Lewellen and Mrs. Crystal Zook of 3727 Alcott St., San Diego, co-leaders of Brownie Troop 549, Loma Portal Neighborhood, presented the project to their 11-girl troop, and a large box of clothes and toweling was collected.

The problem of sending the contributions was solved when Mrs. Lewellen learned that a friend, Lieutenant Commander John J. Herrick, USN, of 3315 Electric St., La Jolla, was sailing for Japan in February on board the ship he commands, USS LSMR-412.

After arriving in Japan, Lt. Cmdr. Herrick's ship received orders to visit Beppu for Armed Forces Day on May 15, a lucky coincidence.

Before delivering the orphans' package, Herrick found that his brother, Colonel Herrick, USA, had arrived in Beppu as Deputy Commander of the 187th Airborne Regimental Combat Team at Camp Chickamuga.

Together, they called upon the orphanage and presented the Brownie's box along with a sum of money donated by the crew of USS LSMR-412, who had become interested in the mercy mission.

To show their appreciation a portion of the 400 orphans gave a recital for the donors. In addition, grateful letters from the Sisters and the orphan girls of the 5th grade have been received by Mrs. Lewellen and the Brownies of Troop 549.

Demand for reserved seat and box seat tickets for the California State Fair, Sept. 2 thru 12, has been unusually heavy although the fair is almost two months away. A downtown box-office opens in Sacramento on August 2.

The three are, Attorney John K. Hass, Santa Barbara, Mrs. Thomas D. Drake, San Diego and Mrs. Raymond G. Kenyon, San Marino. All will attend the convention as delegates, McDavid said.

Hass is President of the Santa Barbara County Republican Assembly. Mrs. Drake is active in the San Diego County Republican Assembly and Mrs. Kenyon is Southern Division President of the California Federation of Republican Women.

No extra charge for repairs

Your telephone is ruggedly built and doesn't often need repairs. In fact, it's so easy to take care of that about all you have to do to it is dust it once in a while and see that its cords don't get twisted. But if it ever should need fixing, please let an expert from our office do it for you. After all, your telephone is one thing in your home that's repaired and maintained at no extra charge to you. This is one way we protect its usefulness to you . . . to make, and keep, your telephone a real bargain in your family budget. **Pacific Telephone works to make your telephone a bigger value every day.**

Call ahead for reservations

You're off to a good trip when you line up hotel or motel reservations ahead of time. And what better way than by telephone? It only takes a minute or two . . . costs but little. So, when planning weekend vacations . . . or while driving to your overnight stop on longer trips . . . why not call ahead and make sure the rooms you want will be waiting when you get there. You'll be surprised at how little it costs to have the peace of mind that will make your whole trip more fun.

Two easy ways to enjoy even better telephone service

First, when you have a series of calls to make, it's a good idea to take a few minutes out between them, instead of placing one right after the other. By spacing your calls, you'll give other people a chance to get in touch with you. And the calls you receive are often just as important as the ones you make. Second, before making a call, please look up the number if you're doubtful about it. By using your directory, you'll get the right number the first time you call. Saves you time in the long run. **Pacific Telephone.**

Tickets go on sale this week at all points of the city for "Babes In Toyland", Victor Herbert operetta to be presented in Balboa Park Bowl on August 26 and 27 at 8 p.m.

Featuring San Diego's outstanding teen-age singing, dancing and acting talent, the operetta is beig produced by the City Park and Recreation Department with the cooperation of the San Diego Youth Symphony, the Civic Ballet and the Civic Chorus. A total of 231 young people will take part in the production and will rehearse throughout the coming weeks for it.

All playgrounds throughout the city will sell tickets as will members of the cast and officials of the Cerebral Palsy Foundation, for which the operetta is a benefit.

BURTON JONES' modern, new, exclusive first run Capri Theatre above, opened Tuesday amid a galaxy of movie stars and local notables. The Capri, located at Park and University, is currently featuring "About Mrs. Leslie", starring Academy Award winner Shirley Booth, and Robert Ryan. Clark Jordan, veteran theatre manager, assumed his new post at the Capri. Mr. Jordan has operated theatres on the east coast for several large circuits over a 22 year span. He was recently connected with the Linda Theatre here in San Diego. Mr. Jordan is married and resides in Pacific Beach.

"Capri" Holds Premiere Wed.

San Diego was formally introduced to an ultra modern theatre known as the Capri, 3811 Park Boulevard, at primere showing last night. The primere was "About Mrs. Leslie" starring the Academy Award Winning Shirley Booth ably supported by Robert Ryan.

Numerous citizens, with a Peninsula Area representation, saw the theatre for the first time at the opening. Burton Jones, owner, is reported to have spent over $100,000 remodeling the old Egyptian Theatre, transforming it into one of San Diego's most fabulous movie houses.

The Capri is air-conditioned and has the ultimate in seating comfort . . . air-flo rocking chair type. An outstanding feature to be admired by all is the sculpture by Bernard Rosenthal. It is a modern abstract style of metal which hangs from the theatre's ceiling casting a wonderment of shadows against the lobby's wall. One wall in the grand foyer is a picture wall containing original paintings by such artists as matisse and Joan Miro.

A benefit showing was held on Tuesday evening for the San Diego Girls Club.

Many Hollywood and local notables were in attendance including Marla English, San Diego's own.

HEALTH FOR ALL

USE OUR HEAD, SAVE YOUR FEET

Your back aches, or you have a headache. Or you are tired all the time. You may find it hard to believe, but the cause of your woes may be your feet.

Most of us walk without thinking about it. If we drove our cars the same way, we would expect the accident rate to soar. We can save ourselves a lot of grief if we give a little thought to the way we use our feet.

The importance of the foot, on which the whole body structure depends, does not lie in its shape but in the way it is used. If we walk properly, the arch and supporting muscles and bones carry our weight evenly and easily.

However, if we walk so that the weight presses off center, on the inner side of the foot for example, the pivot of the foot will shift position and cause severe pain. The pressure may eventually result in weak, painful flat feet, and a shuffling, uncomfortable gait.

The end results are often backache, short temper, and headache. Both prevention and correction of the trouble must being neither in nor out. Think flat feet, you must consciously try to stand and to walk with your feet parallel, the toes turning neither in no out. Think while you walk.

Be sure to bring your feet down on the ground with the whole sole touching, instead of banging down the heel first. In this way the muscles will be strengthened to support the arch and maintain the proper position of the foot.

If voluntary exercises do not correct the difficulty, your doctor may prescribe an artificial support for the foot.

Jeans And Calicos Present Chairs And Tables To "Center"

"This is your roving reporter from the Jeans and Calico Square Dance Club of Ocean Beach. Thursday, July 22nd was a mighty special night for us over here, when we had the extreme privilege and pleasure of dedicating ten spanking brand new tables and two new coat racks to our Community Center. The presentation was made by the club's president, Inez Ward, to Dave Dawson and Willie Mae Swift, Director and Assistant Director of the Center.

"To the Park and Recreation Department of San Diego goes our sincere thanks and gratitude for the privilege of using the Center and also we would like to extend very special appreciation to the dancers and callers that havc so faithfully given us their grand support. Many thanks to you-all from the bottom of our hearts, fo ryou made it possible for us to help give pleasure to others.

"To dance is the secret of perpetual youth and to be friendly is the road to happiness. So Pardners, come on over on the first Saturday night of every month to our nice Community Center. Let your hair down an have fun or if you prefer sweep it up, we don't care. Just come!"

Lt. Cdr. O'Brien Takes New Duties

Change of command ceremonies earlier this week aboard the San Diego-based escort vessel USS Hanna (DE 449), saw Lieutenant Commander Herbert C. Behmer, USN, relieve Lieutenant Commander J. C. Meredith, USN, as skipper of that vessel.

Later, Lieutenant Commander J. J. O'Brien, USN, relieved Lieutenant Commander Meredith of his other duties as Commander Escort Division 92.

The new Hanna Skipper reported from the Fleet Sonar School in San Diego where he was Assistant Training Officer for Fleet Sonar School and West Coast Sonar Training Squadron.

Lieut. Commander O'Brien, of 976 Moana Dr., San Diego, takes command of Escort Division 92 in addition to duties as commanding officer of the San Diego-based vessel USS Vammen (DE 644).

An estimated 66 million persons are expected to vacation by automobile in 1954.
